## **3. Review of the year.**

Over the year, Wycombe FoE has had 11 monthly meetings and a pub meeting. We had two speakers, James Donald of Revive the Wye and Sheela Bees on the Community Grow Project. We also showed the film 'Before the Flood'. Attendance at monthly meetings has averaged 10-12. Our main campaign activity has been linked with the national FoE's clean air campaign, with meetings with council officials, a council question, fitting passive air quality monitors and raising public awareness. The Bucks Free Press quoted our co-ordinator on this issue. We have an email discussion and shared information ring between members. Two stalls were held at Pann Mill and one at Amersham Quakers' fun day. WFoE is affiliated to Marinet and have links with other local environment groups. We continue to use these and other ways to become a more visible presence in Wycombe as well working to recruit and retain new members. We have welcomed some new friends in recent months.

## **4. Financial report**

WFoE had a positive balance of £286.71 although several months room hire has since been taken out. Overall, expenses were £80 greater than income. Ideas for raising funds will be welcomed
