9. Windy Way Project - any more updates? Damon?
10. WEP/WEC activities
11. AOB

Suggested Ecotip (more suggestions welcome by email or at the meeting)

1. For an ecotip this March, consider reconnecting with nature and reducing your carbon footprint by incorporating more active travel into your daily routine, such as walking or cycling
2. Spring seed sowing.  
Spring is in sight, so get sowing. Feb is a good time to sow some hardy veg in your greenhouse, or window sill, e.g. leeks or lettuce. See gardening tips from RHS  
<https://www.rhs.org.uk/advice/in-month/february>
